

## QUALITY POLICY

All activities of the company REM d.o.o. are aimed at the fulfilment of the requirements, needs and expectations of our customers.

In the company we strive to have our products and services carried out with high quality, in accordance with the project documentation and within the agreed deadlines. We are constantly making sure that in doing so, we recognize and take account of the new state of the art and of the valid legislation.

We shall undertake to:

- maintain and continuously improve the quality management system according to the requirements of the ISO 9001/2015 standard,
- Implement and maintain the requirements of the European technical assessment ETA-13/0186 for prefabricated building units and of the SIST EN 14351 product standard for multi-purpose doors.
- Implement and maintain the requirements of the SIST EN 1090-1 (EXC-2) product standard for steel structures.
- We shall set measurable annual objectives every year according to the processes, set out programs for their achievement and monitor them using an interdisciplinary approach and in real-time in order to verify the performance and implement the necessary corrections, preventive and corrective measures.

Our long-term guidelines are:

- satisfied customers
- satisfied employees
- to become one of the leading manufacturers of modular buildings in Europe
- immediate reaction in case of occurrence of non-compliance
- socially responsible behaviour
